VILLAGES ON THE WATER IN PULAU BINTAN
Experience the local way of living by walking on the wooden plank bridge erected on shallow waters. View and admire the beauty of a long village that continues from the depths of an inlet, via an estuary, to the area where the river is obtaining a footing to the Island. People travel here via boat, and their prime source of living is fishing.

ALFAMART

A quick stop at the Alfamart to buy a few essentials before heading back to the resort.
