❖ **Guided Earth Basket Tour:**

- *Earth Basket is the heart of The Residence Bintan's sustainability journey.  
This permaculture garden grows climate-appropriate crops that supply our kitchen with fresh, seasonal ingredients. More than just a productive garden, the Earth Basket is a living classroom connecting guests to the land, showcasing regenerative agriculture, and closing the loop by absorbing 100% of the resort's food waste through animal feeding and various composting methods.  
This guided tour offers an immersive look at how we nourish both soil and community.*
