**The Clarins Touch combined
with Tuina massage.**

Combining the benefits of essential oils with the techniques of Tuina massage, our relaxing Treatment releases tension and rebalances energies. A massage that associates the Clarins Touch with traditional Chinese medicine, the expert hands of the Beauty Therapist carry out the 6 fundamental touches to relax the entire body and improve energy circulation. The body gradually lets go for total relaxation. Oxygenated, it eliminates everything that "suffocates" it, to regain its vital breath. Energy is released. Balance and serenity are restored.

**The expert technique to relax back
and shoulders.**

& SALTY SCRUB 50 min | 190 DT

EXFOLIATES - SMOOTHES - ENERGIZES

The Aroma body scrub.

Our fresh, revitalizing body scrub with rosemary, rosewood and mint essential oils, formulated with salt and sugar crystals, removes dead cells and impurities while respecting the skin's hydrolipidic film. An exfoliating Treatment that stimulates and refreshes mind and body, inducing a wonderful feeling of well-being and freshness. Skin texture is refined and skin is beautifully soft again. Sensorial and energizing.

SENSORY ESCAPE *90 min* | 495^{DT}

REBALANCES - REVITALIZES - ILLUMINATES

The Clarins Touch combined with Lomi Lomi massage.

A sensory escape for the face and body that takes you away from the noise of daily life. Inspired by Hawaiian Shamanic rituals, it recharges both the skin and mind during a timeless interlude.

Enveloping, fluid and rhythmic movements release tension in the face and body, restore inner balance and deep relaxation, and revive vital energy.

This new vitality comes from a combination of the expert technique and the power of Clarins oils. The face opens up and the skin regains its radiance.

Mind and body feel calmer, lighter and centred, in perfect harmony with themselves and their environment.

FROM YOU TO US, SINCE 1954.

*“Clarins’ strenght is women.
Clarins’ success lies in respecting and listening to clients.”
Jacques Courtin-Clarins.*

IT ALL BEGAN IN THE FIRST CLARINS INSTITUTE ON RUE TRONCHET, PARIS.

It was in 1954 when **Jacques Courtin-Clarins opened this pioneering establishment** where he presented **his holistic vision of beauty: beauty, well-being and health are one and the same.** Here he encouraged a dialogue with his clients. Very happy with the tailor made solutions offered at his Institute, more and more clients came to “test” **the Clarins technique and the first 100% plant extract Oils.** The results, both immediate and long lasting, were there. And with them, success!

This “Spa” vision, influenced from the start by the brand’s founder, continues to inspire today’s Treatments, products and techniques.

*“I wanted to make a connection between medicine and beauty,
between science and the cosmetic world”.*
